OFFICE OF THE DIRECTOR OF CENTRAL INTELLIGENCE

SUBJECT: Key Intelligence Questions

REMARKS:

Attached is a list giving 12 Key Intelligence Questions which my colleagues - jointly and separately - feel are the best ones for you to pick for the initial shakedown cruise of the concept and its implementation. They were selected with an eye for ease of exploitation as a testing device and hence are not necessarily the 12 KIQs deemed of greatest importance. If you agree in this list, I will make the assignments to the individual NIOs primarily responsible for each one.
